Portfolio: [saif-portfolio.ruddy.vercel.app](https://saif-portfolio.ruddy.vercel.app)

---

## Professional Summary

Junior Frontend Developer with hands-on experience building responsive, user-focused web applications using React and Tailwind CSS. Strong understanding of component-based architecture, modern JavaScript (ES6+), and clean UI implementation. Focused on translating designs into performant and accessible interfaces.

---

## Technical Skills

**Languages:** JavaScript (ES6+), HTML5, CSS3

**Frameworks & Libraries:** React, Tailwind CSS, Framer Motion

**Tools:** Git, GitHub, Vite, npm, Figma

**Concepts:** Responsive Design, Component Reusability, REST APIs, Mobile-First Design

---

## Projects

### Responsive Web Application — Live Demo | GitHub

- Built a responsive web application using React, Tailwind CSS, and Framer Motion
- Developed reusable UI components for consistency and maintainability
- Implemented clean layouts and subtle animations to enhance user experience
- Deployed the application and managed version control with Git and GitHub

### Modern Landing Page — Live Demo | GitHub

- Designed and implemented a modern landing page following real-world UI patterns
- Translated design concepts into pixel-accurate, responsive components
- Optimized layout and styling for mobile and desktop screen sizes

### Dashboard Interface (eCommerce UI) — Live Demo | GitHub

- Built a dashboard-style eCommerce interface with structured layouts and reusable components
- Managed component logic and UI state using React hooks
- Improved usability through clear visual hierarchy, spacing, and responsive design
